

## Good To Drive

### Muscadine Bloodline

You said that you needed time  
I might be mistaken, but it sounds like it's over  
Holding on just to hang out to dry  
It's like a run of bad luck through a field full of clovers  
Sober's what I ain't tonight

But I'm good to drive  
Just so you know  
In case that you call  
Hell, I'm just down the road

But I'll take it slow  
Coming down the hill  
And I'll watch for cops  
Patrollin' Mobile  
Both hands on the wheel  
If you change your mind  
I'm good to drive

Ain't nothing good 'bout goodbye  
Maybe come mornin', I'll wake up with closure  
I probably can't walk the line  
So the key's in the console, and the party is over  
If you were to make up your mind

I'm good to drive  
Just so you know  
In case that you call  
Hell, I'm just down the road

I'll take it slow  
Coming down the hill  
I'll watch for cops  
Patrollin' Mobile  
Both hands on the wheel  
If you change your mind  
Well, I'm good to drive  
Yeah, I'm good to drive
