

Playing

Muscadine Bloodline

Honestly, it's hard to sleep
I want you right next to me
So I'm getting out of this bed
Headed straight to your place
To tell you this face to face
What's going on in my head
Conjuring courage while walking up your steps
Not holding it back anymore

Maybe we're crazy for faking like we don't belong
Maybe we're fighting a feeling we've had all along
Maybe it's time to make up our mind
Stop playin' in love

Foolish pride, tried to hide
What I held deep inside
Can't put it in words just how much that I want this

So maybe I'm crazy for faking like we don't belong
Maybe we're fighting a feeling we've had all along
Maybe it's time to make up our mind
Stop playin' in love, love, love

Maybe I'm crazy for faking like we don't belong
Maybe we're fighting a feeling we've had all along
Maybe it's time to make up our mind
Baby, it's time to make up our mind
And stop playin' in love
