

## You On Me

### Muscadine Bloodline

I love my 90's country blackhawk tee  
And my lucky pair of Lou-K-C  
Still where my high school state champ ring  
And my favorite pair of torn up jeans  
I don't like to wear my hat turned back  
You can't wear it like that

Girl I got to get you home  
Spending all love song we can move to all night long  
Yeah girl I just want to get  
A little red lip stick from a kiss make you one that I can't forget  
Well I can dress in my best like I'm straight out a movie scene  
Ain't nothing look better than you on me  
Ain't nothing look better than you on me

Well you say my tattoos turn you on  
When you're hitched up under my arm  
Well there ain't no way to hide my smile  
Good God almighty you're driving me wild

Girl I got to get you home  
Spending all love song we can move to all night long  
Yeah girl I just want to get  
A little red lip stick from a kiss make you one that I can't forget  
Well I can dress in my best like straight out a movie scene  
Ain't nothing look better than you on me  
Yeah  
Oh yeah girl I got to get you home  
Spending all love song we can move to all night long  
Oh yeah girl I just want to get  
A little red lip stick from a kiss make you one that I can't forget  
Well I can dress in my best like straight out a movie scene  
Baby I can wear you better than anything  
Ain't nothing look better than you on me  
Ain't nothing look better than you on me  
Ain't nothing look better than you on me  
Ain't nothing look better than you on me
