Kill Or Be Killed

Muse

(Kill or be killed)

Cornered, I'm exhausted with fear
Our love and compassion dissolved
And demons have materialised in me
Can't fight them, they're taking control

And we've tried, oh, we've tried so hard to be good
But the world rewards us when we're bad

Fate is driving me insane
It's forcing me to face
I must kill or be killed

(Kill or be killed)

They've driven a stake right through my heart
I'm growing so cold and detached

And I've tried, oh, I've tried so hard to spread love
But she prefers it when I assert control

Fate has brought us here to face
Our hopes and dreams erased
Either kill or be killed

(Kill or be killed)
(Kill or be killed)
Either kill or be killed

Fate, is driving me insane
It's forcing me to face
I must kill or be killed

(Kill or be killed)
(Kill or be killed)
(Kill or be killed)
(Kill or be)
