Muse

Silenced, you'll make us feel silenced  
You stole the airwaves, but the air belongs to us  
And, violence, you'll make us turn to violence  
You've left us choice-less, our backs against the wall  
No more  
And

We have plans to take you down  
We intend to erase your place in history  
And soon (Soon) you'll be left with nothing  
So I guess we should thank you (Thank you)  
Thank you (Thank you)  
Thank you (Thank you)  
We've had enough

We thank you for playing your part in our liberation

And, losing, the world can see you're losing  
You'll send the army to trample on our prayers  
And, silenced, we'll be no longer silenced  
You'll hear our voices, they'll rise even though we're under si  
ege  
And

We have plans to take you down  
(Forced abdication)  
We intend to erase your place in history  
(Regime revocation)  
And soon (Soon) you'll be left with nothing  
So I guess we should thank you (Thank you)  
Thank you (Thank you)  
Thank you (Thank you)  
We've had enough

Thank you for playing your part in our liberation
