

The Dark Side

Muse

I have lived in darkness
For all my life
I've been pursued
You'd be afraid If you could feel my pain
And if you could see the things, I am able to see

Break me out
Break me out
Let me flee
Break me out
Break me out
Set me free

I hail from the dark side
For all my life, I've been besieged
You'd be scared
Living with my despair
And if you could feel the things, I am able to feel

Break me out
Break me out
Let me flee

Break me out
Break me out
Set me free

Break me out
Break me out
Let me flee

Break me out
Break me out
Set me free

Save me from the Dark Side

Break me out
Break me out
Set me free
