

# Loser

Mushmellow

I don't need friends  
I don't need place to stay  
I don't wanna hear  
Some stuff in my face  
Again

I have my own fun  
I have my own sun  
I'm going back home  
I'll be there alone  
I don't wanna hear  
Things waiking my fear  
Again

Looking at myself in the brokem mirror  
Even my reflection now I am hated  
Hard to tell myself that it isn't real  
When everybody saying  
That you are loser

Stop pushing me down  
Stop saying those things to me  
I look like a clown  
Just leave me alone and leave

I have my own fun  
I have my own sun  
I'm going back home  
I'll be there alone  
I don't wanna hear  
Things waiking my fear  
Again

Looking at myself in the brokem mirror  
Even my reflection now I am hated  
Hard to tell myself that it isn't real  
When everybody saying  
That you are loser  
That you are loser

I'm all alone  
I'm all alone  
I'm all alone
