

# Turn To Nothing

Mushmellow

You turn to nothing  
It's all your falt  
But I'll take care  
Of your naked soul  
Belive in nothing  
It's all your falt  
You have your own way  
To see the world

How is it feel like  
I wanna know  
When you feel no pain at all  
You never invited  
On party call life  
And your vains  
Will join the knife

You turn to nothing  
Your life is wall  
You have to clime up  
And never fall  
Belive in nothing  
It's all your falt  
You have your own way  
To see the world

How is it feel like  
I wanna know  
When you feel no pain at all  
You never invited  
On party call life  
And your vains  
Will join the knife
