Ay

Baby tell me what you wanna do  
I'm really tryna fuck with you  
If you ain't tryna fuck, that's cool  
I just wanna know what's my next move so  
Baby tell me what you wanna do  
I'm really tryna fuck with you  
If you just wanna fuck, that's cool  
I'm just tryna figure out my next move  
So baby tell me what you want

Right now, right here while we're face to face, babe  
I think we should cut right to the chase, uh  
We both know we ain't got time to waste, babe  
So how 'bout we try to be honest 'bout it 'cause

It don't make you a ho, no  
'Cause you already know what you want  
Let me know

Baby tell me what you wanna do  
I'm really tryna fuck with you  
If you ain't tryna fuck, that's cool  
I just wanna know what's my next move so  
Baby tell me what you wanna do  
I'm really tryna fuck with you  
If you just wanna fuck, that's cool  
I'm just tryna figure out my next move  
So baby tell me what you want

My bad if I'm coming off too forward  
I'm just not tryna do things no more out of order  
You should take this as I'm missing you with the bullshit  
Are you tryna be a wife  
Or just in it for the night and

It don't make you a ho, no  
'Cause you already know what you want  
Let me know

Baby tell me what you wanna do  
I'm really tryna fuck with you  
If you ain't tryna fuck, that's cool  
I just wanna know what's my next move so  
Baby tell me what you wanna do  
I'm really tryna fuck with you  
If you just wanna fuck, that's cool  
I'm just tryna figure out my next move  
So baby tell me what you want

Shawty I'm all ears  
Take your time with it, make sure it's all clear  
Might seem like I'm taking things too far  
But I don't wanna be the one breaking your heart, no

I done seen this before, and I know how it could end

We can try to go the distance or just be friends

Baby tell me what you wanna do  
I'm really tryna fuck with you  
If you ain't tryna fuck, that's cool  
I just wanna know what's my next move so  
Baby tell me what you wanna do  
I'm really tryna fuck with you  
If you just wanna fuck, that's cool  
I'm just tryna figure out my next move

So baby tell me what you wanna do  
I'm really tryna fuck with you  
If you ain't tryna fuck, that's cool  
I just wanna know what's my next move so  
Baby tell me what you wanna do  
I'm really tryna fuck with you  
If you just wanna fuck, that's cool  
I'm just tryna figure out my next move  
So baby tell me what you want
