

I'll Go Anywhere

Mustafa

I will stay up through the morning, I'll be my on knees
My God, I can't sleep without you guiding my dreams
I can't draw you, I can't paint you, my eyes are weak
Oh, tell me what to think, oh, tell me what to see

I'll go anywhere to bring you closer to me
I'll go anywhere, I'll go anywhere
I'll go anywhere to bring you closer to me
I'll go anywhere, I'll go anywhere

I'm no match for these thoughts
When I speak to you God
They whisper and I hear what they say

And I'd go away
But I hate going back home
Where father got his rage from
Where all the black magic awaits

And I questioned it
I questioned your ways
Why my aunt gave up her life
Why my heart always swayed
And you know I was always ashamed
Not prepared for his trial
Or my trials in the grave

I'll go anywhere to brings you closer to me
I'll go anywhere, I'll go anywhere
I'll go anywhere to brings you closer to me
I'll go anywhere, I'll go anywhere

Rosalia
I'll go anywhere
To bring you closer to me
I'll go I'll go I'll go
Anywhere to bring you closer to me

I'll go anywhere to bring you closer to me
I'll go anywhere, I'll go anywhere
I'll go anywhere to bring you closer to me
I'll go anywhere, I'll go anywhere
