Mustard Plug

(Woah, Woah, Woah)
Been spending my time alone,
Just sitting by the telephone, now,
I gotta find a place to go, (woah)
I got a ride, I got a dream,

The wrong way, The right time,
I got to know,
Why can't ya see I need to find this place to go,
(Woah, Woah, Woah)
You know it, It'll be fine,
I spend my lunch and i'm too tired, to broken,

I'm lookin deep inside to find the truth in what i know,

I've got a ride, I've got a dream,
I got to know,
Why can't ya see I need to find this place to go,

The wrong way, The right time,
You know it, It'll be fine,

Its getting late, I'm getting old,
What i've said its already told,
Now its time to set things straight,
What have i done, what will i be,
What do i have, What will i see,
Now i've got all i need to know!

(Woah, Woah, Woah)
Been spending my time alone,

I gotta find a place to go, (woah)
Just sitting by the telephone, now,
I got a ride, I got a dream,
I got to know,
Why can't ya see I need to find this place to go,

The wrong way, The right time,
You know it, It'll be fine,
The wrong way, The right time,
You know it, It'll be fine,
