

Not Breaking Down

Mustard Plug

Bought a box of tic tacs
Met her at the race track
Thought I'd have a heart attack
Wasn't much looking back
Singing in the basement
Circumstantial evidence
Communication makes no sense
It really make no difference

Tired and shaken
Lost and forsaken
I might be mistaken
But I'm not breaking down
Tired and shaken
Lost and forsaken
I might be mistaken
But I'm not breaking down

Waiting in Toledo
For a new tuxedo
She really makes my thing go
She's good for my libido
Making bad decisions
Botched all my revisions
"It's just a small incision"
In my peripheral vision

Tired and shaken
Lost and forsaken
I might be mistaken
But I'm not breaking down
Tired and shaken
Lost and forsaken
I might be mistaken
But I'm not breaking down...

Tired and shaken
Lost and forsaken
I might be mistaken
But I'm not breaking down
Tired and shaken
Lost and forsaken
I might be mistaken
But I'm not breaking down
Tired and shaken
Lost and forsaken
I might be mistaken
But I'm not breaking down...
