

## Over the Edge

Mustard Plug

It's not the first time  
It's not the last time  
It's just high time  
I think you had a talking to  
Because they're talking  
You know they're talking, talking  
How the last time  
You took it way too far

Going (going)  
Over the edge!

Another phone call  
Another text mess  
All the while  
I told you not to call again!  
But you're not listening  
We've hit a dead end  
You better wake up  
It's the last chance you'll ever have

And now the time has come  
And we're face to face  
Now is the time  
Now is the place
