

The Perfect Plan

Mustard Plug

Took some time to think it over
Yeah, yeah, yeah
Took some time to make amends
Yeah, yeah, yeah
Never really meant to happen
Can we stop before we end

Will we make it 'til the summer
With our luck about to end
Tell me everything just one more time right now
Should we stop before we end

Though we had it all together
Yeah, yeah, yeah
Planned it out until the end
Yeah, yeah, yeah
A perfect plan in situation
Though we met a bitter end

Will we make it 'til the summer
With our luck about to end
Tell me everything just one more time right now
Should we stop before we end
