

## Which Way Is Up?

Mustard Plug

I'm tired, I've said it enough  
I can't, you're making it up  
Last chance to straighten it up  
Cause I don't know which way is up anymore

I tried to salvage it all  
Your choice, I'm making the call  
I can't delay this, I'm sure  
Cause I don't know which way is up anymore

I've been invading, resisting you before  
Intimidating, this time I can't be sure  
Are you invading my own reality  
I can't save myself  
You're better off alone than here with me

I can't take anymore  
I'm lost, you've been here before  
I pray you can't even try  
Cause I don't think I can stand another reason why

You hide behind me the truth  
Take me back to my youth  
I fall further behind  
If I don't wake up now I'll be out of time

I've been invading, resisting you before  
Intimidating, this time I can't be sure  
Are you invading my own reality  
I can't save myself  
You're better off alone than here with me

I've been invading, resisting you before  
Intimidating, this time I can't be sure  
Are you invading my own reality  
I can't save myself  
You're better off alone than here with me
