

# Barrage

Mustasch

Break!  
I've seen broken!  
Where is this going?  
Don't bring me down  
Stop!  
Scream and shout!  
Who's from the right?  
Fight for your life!

Can you give me just a minute?  
Can you give me that I'm not guilty?  
And it's breaking my heart!  
I don't think this is a joke!  
It's breaking my heart!

It's a fucking barrage!  
A fucking barrage!

Breath!  
Have a break!  
You!  
You are safe!  
Now!  
Feel my hate!  
We must be brave!

Yeah!

Are you with me?  
You are not guilty  
Are you with me?  
I don't see you guilty  
And it's breaking my heart!  
I don't think this is a joke!  
It's breaking my heart!

It's a fucking barrage!

Yea-hehe!

I try to reach out for you  
The lights are on but no ones home  
I try to reach out for you  
The lights are on but no ones home

Are with me?  
You are not guilty  
Are you with me?  
I don't see you guilty  
And it's breaking my heart!  
I don't think this is a joke!  
It's breaking my heart!

It's a fucking barrage!
