

Destroyer Paranoja

Mustasch

I am a slayer baby
I'll break your bones one by one
You don't know where to run
Better save your soul for later
Right before the kingdom come
You should throw it down

[?] told me, "Welcome brother
You are now in power
Don't cry now"

You have destroyer paranoja
Destroyer paranoja

I am violator
Annihilate is what I do
Who the hell are you? Listen
I am talking to you
And even though I lie
It's the truth, g-g-g-g-g-g-go, yeah

[?] told me, "Welcome brother
You are now in power
Don't cry now"

You have destroyer paranoja
Destroyer paranoja

Behind the gates of hell
A bed of fire await
Well, I don't really care
Who wants to live forever?
Yellow

Destroyer paranoja
Destroyer paranoja
D-d-d-d-d-destroyer paranoja
Destroyer paranoja

I am a violator
I will annihilate you, yeah
I am slayer baby
[?] your soul together
