

Fire

Mustasch

Bring out the fire!

You say to me
I broke the law
Well, this that's it
I know it all
I won't excuse myself
Being me

Consensus not my thing
Why can't agree about everything
I fight for my beliefs till I bleed

Bring out the fire
I'm not a coward
Bring out the fire
Give it to me
Bring out the fire
I'm not a coward
Bring out the fire
Give it to me

I never wait to sink my teeth
In anything that's confronted me
I'd rather take the fight then flee

We shall all overcome
Close your eyes
The problems gone
Kumbaya
And impossible greed

Bring out the fire
I'm not a coward
Bring out the fire
Give it to me
Bring out the fire
I'm not a coward
Bring out the fire
Give it to me
Yeah!

Yeah
Bring it on
Line up your troops
And put it all on fire
I'll be coming
I'll be coming alone
So bring it on

Fire!

Bring out the fire
I'm not a coward
Bring out the fire
Give it to me
Bring out the fire

I 'm not a coward
Bring out the fire
Give it to me
Bring out the fire!

I am the fire, ha ha ha...
