

I Am Not Aggressive

Mustasch

What is it you can't stand?
The way I'm living or that I'm loud
You choose the safest trail
But I don't want to walk that way
Go care about yourself
I know I don't deserve your hate

I'm not aggressive
I just do what I must do!
I'm not aggressive
Just because I'm not like you!

You tried to get it out
But you don't dare to go that wild
Well, who's the angry now?
Spread your wings, try and learn to fly

I'm not aggressive...
