

Winners

Mustasch

Hey you kings and presidents
We're back to claim my crowns
All our actions led us here
From where we can't back down
Your coronation is overthrown
Your scheme will never fly
Who we are, and what we've done
Frozen in time

We have been giving
Now we are winners

Every little grain of sand
In the hourglass
Has turned the tide to our favor
Failure shall not pass
United will we stand as one
In the dead of the night
United will we stand as one
Reaching for the sky

We have been giving
Now we are winners
