

# Everything's New

Mutemath

I've got to see what's on the camera  
I'm just a fiend for yesterday  
How can you break out of its handle  
I'm just a train of thought away

Away it goes, away it goes, away it goes  
Away it goes, away it goes, away it goes

Everything's new  
Everything's new  
Beautiful city lights look bright tonight  
And calling out for you  
Everything's new

I'm not the type to run in circles  
But I keep waking up the same  
When getting over all the hurdles  
You can't keep holding onto one just in case

Everything's new  
Everything's new  
Beautiful city lights look bright tonight  
And calling out for you  
Everything's new

Do what you do  
And keep heading nowhere  
I'm just a train of thought away  
Stay on your pace, let the future beware  
I'm just a train of thought away

It's all out of place and I'm carried away  
And afraid to know why  
Can you tell me again  
There's a means to an end  
For the tears in these eyes  
It's all out of place and I'm carried away  
And afraid to know why  
Can you tell me again  
There's a means to an end  
For the tears in these eyes

Everything's new  
Everything's new  
Beautiful city lights look bright tonight  
And calling out for you  
Everything's new

I'm just a train of thought away  
Another train of thought away

Beautiful city lights look bright tonight  
And calling out for you  
Everything's new

(I'm just a train of thought away)  
(I'm just a train of thought away)
