

## Chubby Checker

Muzz

Hollow as these steel field  
Frozen fast, can I meet you there?  
I tuned into news from the hole  
I wake with the silent message  
For you to be well

Back on your feet, how you planned it  
Back on your feet, how you planned it  
Back on your feet, how you planned it  
Back on your feet, how you planned it

Common ancestors speak  
Violence turns into Greek  
There's so much I could you say  
But I'll let you finish  
All that's at stake is some free  
I'll learn to deeper degree  
Someone had to pay, for you to be well

Back on your feet, how you planned it  
Back on your feet, how you planned it  
Back on your feet, how you planned it  
Back on your feet, how you planned it
