

# Nobody Wants A Lonely Heart

Muzz

Now as you eat  
Don't think of the one you love  
And on the street  
Don't look at the sky above  
If there's no one home  
Don't expect nothing  
'Cause nobody wants a lonely heart

Now like a dog  
Who's homeless and can't be sleeping  
Like a log  
He knows that's he's best off keeping out of sight  
Don't expect nothing  
'Cause nobody wants a lonely heart

And in the door  
There's nobody coming through it anymore  
But I'm looking through it to some other way  
Don't expect nothing  
'Cause nobody wants a lonely heart  
Don't expect nothing  
'Cause nobody wants a lonely heart
