

4AM

MÖWE

I'm always holding open doors
But I don't know how long I can hold them for
'Cause you won't come through
And you've turned into wounds

Oh baby, I hope you don't mind
I got you on my mind
Let me show that I don't mind
We do this every night over again
And I just wanna be sober again

And I said
Don't call me when it's past 4AM
You're more than a friend
Don't you know I'm in love?
Don't you know I'm in love?
And I said
Don't call me when it's past 4AM
You're more than a friend
Don't you know I'm in love?
Don't you know I'm in love?
With you

I'm always holding open doors
But I don't know how long I can hold them for
'Cause you won't come through
And you've turned into wounds

Oh baby, I hope you don't mind
I got you on my mind
Let me show that I don't mind
We do this every night over again
And I just wanna be sober again

And I said
Don't call me when it's past 4AM
You're more than a friend
Don't you know I'm in love?
Don't you know I'm in love?
And I said
Don't call me when it's past 4AM
You're more than a friend
Don't you know I'm in love?
Don't you know I'm in love?
With you

Don't you know I'm in love?
Yeah don't you know I'm in love?
With you
