

Insane

MÖWE

Lately
You've been driving me crazy
Baby
The line between us got so hazy

Oh, we've been running up and falling down the hill
Oh, we kept on tumbling down like Jack & Jill
The way, you call my name
When we're drunk or high
Babe it drives me insane

Tell me
You want a night with scotch and baileys
I will
Spill the truth to you finally

Oh, yeah I
Have loved you in disguise
You and I
Could be perfect if we tried

We've been running up and falling down the hill
Oh, we kept on tumbling down like Jack & Jill
The way, you call my name
When we're drunk or high
Babe it drives me insane
