

Stranded

MÖWE

I don't wanna feel like I'm stranded
Oh baby I don't wanna be here alone

Left me all alone, I can't take it no more
I wish that you were here up by my side
'Cause I remember those days when it was our time
If I could right the wrong that I did
I would give it all to you
If you would hear, I know you would do

I don't wanna feel like I'm stranded
Oh baby I don't wanna be here alone
'Cause I don't wanna feel abandoned
But baby heaven is the place our love belong

Now that I'm alone and you walked away from me
I just don't wanna live anymore
I gave my life to you, like you gave your life to me
If only I could show what I mean

'Cause I need you more than ever
If you were here, you would need me too

I don't wanna feel like I'm stranded
Oh baby I don't wanna be here alone
'Cause I don't wanna feel abandoned
But baby heaven is the place our love belong

I don't wanna feel like I'm stranded
Oh baby I don't wanna be here alone
'Cause I don't wanna feel abandoned
But baby heaven is the place our love belong
