

## better than u

mxmtoon

This is a song about a dumb guy that I liked  
I mean he's still really cute but I'm totally over him  
Whatever, okay, here we go, this is for you

I'm way better than you but for some reason I still liked you

I mean, in freshmen year you were kinda stupid  
But then again, I guess that's only human  
I was too but that's irrelevant  
My GPA was good, so was my temperament  
Like, I'm honestly way smarter than you  
Wait, sorry, that was a little bit rude, but  
Even if I'm cool you're really cool

But I'm still better than you but for some reason I liked you

I mean, who am I kidding? I know why you're actually a nice guy  
Also you're really cute and you don't even try  
God damn it, why are you so cute and you don't even try?  
I mean, it pisses me off that you probably never knew  
How freaking stuck I was on you  
Whatever, 'cause

I'm way better than you, God damn it, but I still liked you

I mean, I'd be lying if I said you never pop into my head  
But when I see you in the halls my heart falls just a little bit

I'm still better than you and I'm totally, totally over you  
Okay?

I'm still better than you  
Just one more time so you get the message  
Because I'm totally over you
