

I walked into the room and then I saw your face  
You looked me in the eye  
And then I wanted to erase myself  
Erase myself

I didn't wanna fall but then I stepped right in  
I looked down at the ground  
And then I felt it right within  
It was too late for me (too late for her)

You took a step forward and tilted your head  
With a curious glance you stared  
And I felt dead  
Oh my god, I think I'm dying!

You said "Hey"  
And I said "Hello"  
What's your name?  
I'd really like to know about you  
Too bad I stopped at "Hello"

I just stared  
And you grinned  
And looked right back  
It felt like just one big whirlwind  
One big emotional whirlwind

Over the next few days we got to talking  
With every single word I started falling farther  
Farther and farther for you

You were so witty and so charming  
You swept me off my feet  
You made me laugh, you made me blush  
No one could compete (no one could compete)

It seemed too good to be true (it was too good to be true)  
I wanted to be with you (and only with you)  
We clicked like legos  
Or the clacking of tap shoes

You said "Hey"  
I said "Hello"  
"How was your day?"  
You said "Better now" with a smile  
Oh what a cliché  
But to be honest it made my day

I didn't wanna fall but then I stepped right in  
I looked up at your face  
And those eyes, they drew me in  
It was too late for me

And that's what we were  
A simple cliché  
It wasn't made to work  
But I wouldn't have it any other way (any other way)

You were so witty and so charming  
You swept me off my feet  
You made me laugh, you made me blush  
Oh no one could compete (no one could compete)

It seemed too good to be true (it was too good to be true)  
I wanted to be with you (and only with you)  
We clicked like legos  
Or the clacking of tap shoes

You said "Hey"  
I said "Hello"  
"I gotta know, do you feel this way?"  
You said "Yeah I do, but I was scared of what you might say"

And that's all we were  
A silly cliché  
I still think you're cute  
But maybe it's better this way

Bah duh duh dum  
Bah duh duh dum  
Bah duh duh duh duh dum

That's okay  
We're just a little cliché  
A little cliché  
But that's okay!
