Late nights are for lonely people  
Lying awake hardly laying peaceful  
My mind is restless with the thoughts of you  
And all the things you do  
I can hardly close my eye  
Under the glow of the brightest moon light  
My head arrests on a pillow of white

My heart aches with every thought of you  
And all the things you do  
I can't help but hold my breath  
I am captivated by you  
And I am so in love with the things you do  
But, late nights are for lonely people  
Lying awake hardly laying peaceful  
My mind is restless with the thoughts of you  
And all the things you do  
I can hardly close my eyes
