The day you came around  
I didn't even notice you  
Wearing that ripped t shirt on myrtle avenue  
I've grown accustomed to

Windows frame and clouds up in the atmosphere  
Our tiny little world that could just disappear  
Outside there's chaos and confusion can we stay right here  
Stay right here  
Stay right here

Though everything's been broken  
You're complete  
When everyone's gone sour  
You're so sweet  
You're so sweet

The list goes on and on  
But I keep coming back to you  
I check the boxes but there's still so much to do  
And I keep coming back to you

Windows frame and clouds up in the atmosphere  
Our tiny little world that could just disappear  
Outside there's chaos and confusion can we stay right here  
Stay right here  
Stay right here

Though everything's been broken  
You're complete  
Though everyone's gone sour  
You're so sweet  
You're so sweet

My mind was out of space  
It's so crowded, it's so crowded  
But somehow you erased  
All the chatter  
Didn't matter anymore

Though everything's been broken  
You're complete  
Though everyone's gone sour  
You're so sweet  
You're so sweet
