

## unspoken words

It wasn't always easy  
Growing up we had our fights  
Though we wouldn't say it  
We wanted to play nice  
I can safely say we're friends  
And that I love you too  
But years ago that wouldn't happen  
Because I didn't get you

Oh, it's complicated  
And I need to say it  
'Cause time is fading away  
I should've said it sooner  
Who knows what's in the future  
But now I need you to know

That I love you  
You know it's true  
You don't need to say it back to me  
Because I know you do  
And I get it now  
You weren't allowed  
The same life  
That you've so gracefully endowed

I'm happy with it all now  
We both had to grow and learn  
To understand each other  
And with patience we took turns  
I'm sorry for my anger  
I was just too young to know  
That cause of your exterior  
And just what you wouldn't show

Oh, it's complicated  
And I need to say it  
'Cause time is fading away  
I should've said it sooner  
Who knows what's in the future  
But now I need you to know

That I love you  
You know it's true  
You don't need to say it back to me  
Because I know you do  
And I get it now  
You weren't allowed  
The same life  
That you've so gracefully endowed

Oh, I love you  
You love me too  
Unspoken words are preferred  
But it's the truth  
I'll shift the tide  
Leave windows wide  
We are the start, our change of heart

Will be our guide

Oh, I love you  
You know it's true  
You don't need to say it back to me  
Because I know you do

I do  
I know you do
