

# Call Me

MxPx

Looking back through my diary  
I wasn't quite sure who I was trying to be  
The best parts were stories of you  
The best years I've had were with you

I don't always know what I'm supposed to say  
But I know what to do, I do it every day  
And some things never change  
Some things never change

I haven't talked to you in three days  
And you know that I'll be up late  
Go ahead and feel free  
Feel free to call me  
I know I've made some pretty big mistakes  
Holding on and hoping you don't break my legs  
Go ahead and feel free  
Feel free to call me  
Before you sleep tonight

With you and me there's always possibilities  
A hundred thousand dreams of what could be's  
The late nights that we used to do  
Now I try to get home by two

I don't always know what I'm supposed to say  
But I know what to do, I do it every day  
And some things never change  
Some things never change

I haven't talked to you in three days  
And you know that I'll be up late  
Go ahead and feel free  
Feel free to call me  
I know I've made some pretty big mistakes  
Holding on and hoping you don't break my legs  
Go ahead and feel free  
Feel free to call me  
Before you sleep tonight

The moon so full it's bursting - tonight  
It could light up the darkest drive - tonight  
When you find yourself thinking of me - tonight  
I just need to know you're alive

I haven't talked to you in three days  
And you know that I'll be up late  
So go ahead and feel free  
Feel free to call me  
I know I've made some pretty big mistakes  
Holding on and hoping you don't break my legs  
Go ahead and feel free  
Feel free to call me  
Before you sleep tonight
