

Coal

MxPx

I got coal in my stocking and I know I deserve it
You just open yours and find you've got it too
We got coal in our stockings and I know I deserve it
And so do you

You're playing games with me again
And I don't appreciate the sentiment
I've been in and out of trouble all year it seems like
I'm fueling the fire with more than steam

I got coal in my stocking and I know I deserve it
You just open yours and find you've got it too
We got coal in our stockings and I know I deserve it
And so do you

When you're out delivering toys
To the good, good girls and the bad, bad boys
When you're out delivering cheer
I won't be here
I'll be at the North Pole delivering your coal

I got coal in my stocking and I know I deserve it
You just open yours and find you've got it too
We got coal in our stockings and I know I deserve it
And so do you

We got coal
You got coal
I got coal
We got coal
