

Forget It All

MxPx

It's so hard to believe
That nothin' but dreams are true
How are we made to be
Hopeful we'll make it through

I'm so frustrated
Most days can't contain it
I wanna punch some holes right into the wall
Forget it all
Forget it all
Forget it all
Let's go!

Where are we on the scale
From one to insanity?
Seems like we've been set up to fail
Disinformation spreads rapidly

I'm so frustrated
Most days can't contain it
I wanna punch some holes right into the wall
Forget it all
Forget it all
Forget it all
Forget it all
Forget it all

An empty relation is a state of mind
But now that perspective has proved hard to find

I'm so frustrated
Most days can't contain it
I wanna punch some holes right into the wall
Forget it all
Forget it all
I'm so frustrated (forget it all)
Most days can't contain it (forget it all)
I wanna punch some holes right into the wall (forget it all)
Forget it all
Forget it all
Forget it all
Forget it all
Forget it all

One more time!
