

Gimme Christmas

MxPx

All I want for christmas is a yippie little dog
With a diamond collar on, wearing Louis Vuitton
All I really want is some real estate,
I'll take from Rockefeller center to the Golden Gate
All I want for christmas is my own private island

All I want for christmas is everything you got,
So empty your pockets, I don't ask for a lot
Yeah all I really want is a movie screen,
Ten times bigger than you've ever seen
All I want for christmas is the best of everything

It's not really greed
It's just what I need
It's Christmas

'Cause all I want for christmas is another one of me,
To do all my work so I can watch TV
All I really want is a mansion in the sky
With a stairway up to heaven and a gold plated tie
All I want for christmas is a planet named after me

So all I want for christmas is two aces in the hole,
My favorite team, the seahawks win the superbowl
All I really want is a massive skate park
With those stadium lights so I can skate in the dark
Yeah all I want for christmas is your best champagne on ice, ni
ce

It's not really greed
It's just what I need
It's Christmas
