

# Unstoppable

MxPx

I have no alibi - I have no need for one  
I'll fess to what's been done  
Even if you think it's wrong  
Truth don't come easily  
It will not be denied  
You don't, have to believe  
Cause I know what'll make things right - that's right

Are you, waiting - the world, it falls apart  
They are, unstoppable  
Unstoppable

Solutions visible  
Easy for all to see  
Ideas are twisted for profitability  
Change won't come overnight  
For this I pledge to fight  
We all have been the same  
This is our reality

Are you, waiting - the world, it falls apart  
They are, unstoppable  
Unstoppable  
Are you ready - to do, all that you can  
And stop the unstoppable  
Unstoppable

Know that they got you  
And they got me  
It's that easy  
Know that they will do  
What they want to  
Keep it easy  
Don't need to hold back  
I'm ready  
Let's do this  
Don't need to worry  
I'm not worried

You don't, have to believe  
Cause I know what'll make things right  
That's right

Are you, waiting - the world, it falls apart  
They are, unstoppable  
Unstoppable  
Are you ready - to do, all that you can  
And stop the unstoppable  
Unstoppable

Are you ready  
Unstoppable  
Are you ready

I have no alibi
