

No Place to Go

My Bloody Valentine

Come on baby yeah you're looking fine
You know what you need to know
You follow me, you follow me tonight
And I'll take you where you want to go
You dont listen to the others baby
'Cause they will only tell you lies
You follow me, you follow me tonight
And I'll show you a good time

You're coming down
'Cause you ain't got no place to go
You're coming down
You know I know you've got no place to go

Now baby don't you walk the streets alone
I wan't to take home
You've got no place to go

Now don't you tell me how to [?]
'Cause were a [?]

'Cause you ain't got no place to go
You're coming down
You know I know you've got no place to go

Now baby don't you walk the streets alone
I wan't to take home
