

Believe (Nobody Knows)

My Morning Jacket

Time to roll
The answer floats on down
The farthest shore
Of the mind

Roll the dice
That sail the ship
And all the doors will open
On down the line

Turned to wrong
A lesson learned
And then forgotten over
In our time

In that moment
I awoke among the
Smoke and mirrors
I was blind

Believe, believe, believe, believe
Nobody knows
Believe, believe, believe, believe
Nobody knows for sure

It begins and on and on
A baby's born
The elder's down
All in their time

Start a door, the setting sun
The day has come
My mind is open
My oh my

Believe, believe, believe, believe
Nobody knows
Believe, believe, believe, believe
Nobody knows for sure

Believe, believe, believe, believe
Nobody knows
Believe, believe, believe, believe
Nobody knows, nobody knows

Time to go
The answer floats on by
The farthest shore
Of the mind
Roll the dice that sail the ship
And all the world will open
All this time

Believe, believe, believe, believe
Nobody knows
Believe, believe, believe, believe
Nobody knows, nobody knows

Nobody knows
Nobody knows
