In Its Infancy (The Waterfall)

My Morning Jacket

```
Again [x10]

The idea was always there, in it's infancy
The seed took root, over many years
An idea grows before it walks
And as it walks, it learns to run
And as it runs, it feels it's form
The waterfall, can it be stopped?

Again [x12]

[Chorus x2:]
Again I stop the waterfall by simply thinking
Again I stop the waterfall before my breathing
Again I stop the waterfall by finally feeling
Again I stop the waterfall by just believing

Again [x11]

The idea was always there, in it's infancy
The seed took root, over many years
```
