

Like a River

My Morning Jacket

Breeze has blown
Leaves have fallen
Days grow short
River flowing
Bird has flown
Misty morning
Half well-worn
River flowing
Finally home
Sun is shining
Where the sweet
River winding

Like a river flowing, like a river winding it's way

Time has come
World in motion
Heart of man
Swept into the ocean

Like a river flowing, like a river washes away Like a river flo
wing, like a river winding it's way
Like a river
