## My Morning Jacket

Sittin' here with me and mine  
All wrapped up in a bottle of wine  
Little we can do, we gonna see it through somehow

So, now are you ready to go, my lady?  
I been waitin' on the boat here, I been waitin' so long

Bang! Bang! Goes the night  
All wrapped up in the firelight  
Don't, "Rock bottom" just listen, just slow down

So, now are you ready to go, my lady?  
I been waitin' on the boat here, I been waitin' so long

"Can he see me?  
Does he feel me?  
Does he know me at all?"

"Does it shiver?  
Always deliver?  
Does it know me at all?"

So, now are you ready to go, Mahgeetah?  
I been waitin' on the boat here, I been waitin' so long
