

New Morning

My Morning Jacket

One morn I awakened
C G CG
And your sun was shining
G Em D
The sky was a kingdom
D
All covered with blood
D G
And the moon and the stars
C G CG
Were the troops that lay conquered
G Em D
Like fruit left to wither
D G CG
All spiritual food

G C
And the spears of the bright sun
C G CG
All brave with its conquest
G Em D
Did hover unearhtly
D
With banners of fire

G
And I knelt in the garden
C G CG
and washed with the dawn
Em
The voice came so brightly
D G
I covered my eyes

G C
Thank you for giving
C G CG
This bright new morning
G Em D
So steeped seemed the evening
D G
In darkness and blood
G
Let there be no sadness

No sorrow
C G
Let there be no road to narrow
G
There'll be a new day
G D
Yes its today
G
its forever
