

## Welcome Home

### My Morning Jacket

All the colors on the leaves  
All the love that comes to me  
Open arms are sayin' to me  
"Welcome home"

All the times we had to fight  
Just to find I was wrong but you'd still write  
A letter to me sayin'  
"Welcome home"

Welcome home  
Welcome home  
All this time we were waiting for you  
With an old love you can't ignore  
Now welcome home

Send bad habits on their way  
Let a new year start today  
Open arms are sayin' to me  
"Welcome home"

And as the snow glazed all the trees  
I let my thoughts float on with the breeze  
Air rushed in my lungs, sayin' to me  
"Welcome home"

Welcome home  
Welcome home  
All this time we were waiting for you  
With an old love you can't ignore  
Now welcome home

Welcome home  
Welcome home  
All this time we were waiting for you  
With an old love you can't ignore  
Now welcome home  
All this time we were waiting for you  
With an old love, with an old love
