

## After You

My Own Private Alaska

After you  
The criminals are saints  
After you  
The whores are nurses  
After you  
I'm not scared at all  
After you  
Now that I've seen evil

After you  
The criminals are saints  
After you  
The whores are nurses  
After you  
I'm not scared at all  
After you  
Now that I've seen evil

Could it be a life ?.. Never reminding...  
Could it be ?.. Erase erase...  
Could it be a life ?.. Never reminding...  
Could it be ? ...  
Burying my own corpse

After you  
The Hangmen are friends  
After you  
The soldiers are tourists  
After you  
I'm not scared at all  
After you  
Dead and unbreakable

Could it be a life ?.. Never reminding...  
Could it be ?.. Erase erase...  
Could it be a life ?.. Never reminding...  
Could it be ? ...  
Burying my own corpse

Let's bury it, you'll see your crime

How can I be alive after you ?

So wash my memory
