

Speak to Me

My Own Private Alaska

Speak to me
tell me all is not well
tell you've heard that strange sound
tell me you've heard I swear it
all this times we burnt it then lead us
I not believe in a spirit
and where is nothing dead but I feel pain
speak to me
tell me we had no gone
tell me I am not the God got it all
tell me the things that are haunting me
but there is all bad there is nobody did swear who swear
I did it I am afraid
call it
say it
bring it for silent
pray God
call it
say it
bring it for silent
pray God
speak to me
tell me all is not well
tell the things kids never daddy tell
tell there is God that is sucking me
tell all of this place turn to me
coz I swear I swear I swear I seem alive
call it
say it
bring it for silent
pray God
call it
say it
bring it for silent
pray God
speak to me
for us pretty god
speak to me
tell me we had no gone
tell we smile
in a picture had I done
say what I say
