

# Crazy And Me

## My Passion

Crazy and me  
We got nothing to do  
Up in the sky  
Paper dragon go bye

There's a boy still waiting  
There's a boy still waiting  
For you

There's an anger in me  
There's an anger  
What's a boy to do

Crazy and me  
Driving out of control  
Catastrophe man  
Take me back off the plan

There's a girl just leaving  
There's a girl just leaving

No wall too high  
No chance go by  
No crime  
To be where you started

To feel no pain  
Is joy the same  
Just try  
I will love you for this

I will love you

No we'll never be this way again  
No we'll never be this way  
No we'll never be this way again  
No we'll never be this way

Crazy and me  
Slipping back into town  
Excessively vain  
Going quickly insane

Bring the anger with me  
Stop the anger  
(Yearrghhhh)
