

# Last Day In Paradise

My Passion

You  
And me have been here twice  
This is our last day back here in paradise  
We will watch you disappear  
Come come lover  
Come lover  
Come lover  
Come here

Dreams at night  
Mess with me  
I guess you're right  
Let's see

One more miracle  
One more golden man  
The face  
The figure  
The fame  
All disappear  
The face  
The figure  
The fame  
Are not for you

Go  
But don't take my advice  
You do not belong down here in paradise  
We will make you disappear  
Come come lover  
Come lover  
Come lover  
Come here

Dreams at night  
Mess with me  
I guess you're right  
Let's see

One more miracle  
One more golden man  
The face  
The figure  
The fame  
All disappear  
The face  
The figure  
The fame  
Are not for you
