

I Hate You

My Sister's Machine

I hate you
I wish it wasn't so I fuckin' hate you
I love you
I know what I said but now I love you
My hate is coming for you
There's nothing you can do
Hate lasts forever
My hate is never late
My hate is coming for you
I hate you
I wish it wasn't so I fuckin' hate you
I love you
I know what I said but now I love you
My hate is coming for you
There's nothing you can do
Hate lasts forever
My hate is never late
My hate is coming for you
Wicked water blue
You know I'm drowning in you
Twisted sea of love
Do you hate me to?
I hate you
I wish it wasn't so I fuckin' hate you
I love you
I know what I said but now I love you
My hate is coming for you
There's nothing you can do
Hate lasts forever
My hate is never late
My hate is coming...
