## I'm Sorry

## My Sister's Machine

mother of invention look what you've done to me I had good intentions but somewhere down the line...

she cut loose and made me into what you see before you

oh God, I know you hate me
I don't deserve your love no more
oh God, I know you hate me
I just want to say I'm sorry

greed, envy and deception what the hell was wrong with me I had good intentions but somewhere down the line...

she cut loose and made me into what you see before you

oh God, I know you hate me
I don't deserve your love no more
oh God, I know you hate me
I just want to say I'm sorry
