

Walk All Over You

My Sister's Machine

Man, he...
He was a bad boy
Can't you see
What he's done
To all the boys and girls
Governmental lies are all big brother's kiss
They're gonna walk all over you
Artificial highs for your synthetic bliss
They're gonna walk all over you
Can we
Take it all back
Can't you see
What it's done
To each of our own lives
Governmental lies are all big brother's kiss
They're gonna walk all over you
Artificial highs for your synthetic bliss
They're gonna walk all over you
